

Product Change Announcement: Inner Gasket Seal

To provide consistency across the liquid filtration product line, all inner O-rings for wide mouth filter elements have been changed from the color blue to black. This change in our production process does not impact the quality and performance of the item(s) purchased.

Part Numbers affected by this change are:

FF5686	LF9031
FF5776	LF9035
HF29038	LF9050
LF9018	LF9070
LF9025	LF9080
	LF16161

Fleetguard® products are manufactured to the highest standards and meet OEM performance specifications. If you have any questions, please contact your local sales representative or [customer assistance](#).
