

Shipment Discrepancy Claims Policy

At Cummins Filtration, we are committed to helping Customers realize optimum sales and profits through their filtration, chemicals and exhaust business. This commitment includes support to assure that customers have an appropriate amount of time to file a claim **as** it relates incorrect quantity shipped, incorrect part number shipped and visible shipment damage.

The following changes are effective immediately:

- **Customers will have up to 30 days from date of shipment to report a claim for incorrect quantity shipped, incorrect part number shipped and any visible shipment damage.**
- **Customers will have up to 6 months from date of shipment to request Proof of Delivery.**
